# Company Profile

Who We Are

## From Egyptian Soil to Global Markets

Al Fares Import & Export is a leading Egyptian agricultural exporter, delivering premium fresh fruits and vegetables to importers, distributors, wholesalers, and retail chains across Europe, the Gulf, Asia, and Africa. Headquartered in the heart of 6 October City, Giza, we combine generations of farming expertise with modern logistics, cold-chain infrastructure, and rigorous international quality standards. Every shipment that leaves our facilities carries the Al Fares promise: freshness, consistency, and full traceability from the farm to the destination port.

### Our Mission

To bring the finest Egyptian agricultural products to global markets through reliable supply chains, premium quality, and long-term partnerships built on trust.

### Our Vision

To be the most respected Egyptian fresh-produce exporter, recognized worldwide for quality, consistency, and customer-first service.

# Our Services

Full-Service Export Solutions

## Sourcing & Selection

Direct partnerships with the best Egyptian farms across Nile Delta, Nubaria, Ismailia, Minya, and Upper Egypt — ensuring premium, consistent quality at the source.

## Packing & Branding

State-of-the-art packing houses with calibrated grading lines. Branded Al Fares cartons, customer private-label, and retail-ready packaging options.

## Cold-Chain & Logistics

Pre-cooling and reefer storage from harvest to port. Reefer-container sea freight and air freight to any destination worldwide.

## Export Documentation

Full export paperwork: phytosanitary certificate, certificate of origin, commercial invoice, packing list, and customer-specific documentation.

## Quality Assurance

Compliance with GlobalG.A.P., HACCP, ISO 22000, and EU/GC food-safety standards. Lab-tested residue control and traceability on every shipment.

## Customer Partnership

Dedicated account management, year-round planning, flexible volumes — from a single container to weekly programs for retail chains.

# Global Export Markets

*Shipping from Egypt to the World*

## Our Reach

Al Fares ships premium Egyptian produce to over 20 countries across four continents. Our logistics network combines reefer sea freight from Alexandria, Damietta, and Port Said with air-freight capabilities from Cairo International Airport.

### Europe

Germany, Netherlands, UK, France, Italy, Spain, Greece, Poland, Russia

### Gulf & Middle East

Saudi Arabia, UAE, Kuwait, Qatar, Bahrain, Oman, Jordan, Lebanon

### Asia

India, Malaysia, Singapore, Hong Kong, Bangladesh, Indonesia

### Africa

Kenya, South Africa, Nigeria, Ghana, Sudan, Libya, Morocco

# Packaging & Branding

Export-Ready Presentation

## Branded Al Fares Export Cartons

Every shipment leaves our facility in premium, food-grade, ventilated export cartons designed to protect produce through long-distance reefer transit. Standard Al Fares branding is available, alongside customer private-label options and retail-ready packaging.

- **Carton Types** Telescopic, open-top, ventilated, gift boxes, retail punnets, mesh bags
- **Materials** Food-grade corrugated cardboard, FSC-certified, recyclable
- **Labelling** Al Fares branding, customer private-label, multilingual labels, barcodes, QR traceability
- **Palletisation** ISO pallets, EUR pallets, shrink-wrapped, corner-protected, strapped
- **Container Loading** 20ft and 40ft reefer containers, temperature-set and monitored end-to-end

# Quality & Certifications

*International Standards*

Al Fares operates under the strictest international food-safety and agricultural quality frameworks. Every farm, packing house, and shipment is auditable and traceable.

## **GlobalG.A.P.**

Good Agricultural Practices — farm-level certification covering food safety, sustainability, and worker welfare.

## **HACCP**

Hazard Analysis and Critical Control Points — preventive food-safety management throughout packing and handling.

## **ISO 22000**

International food-safety management system, audited end-to-end.

## **EU & GCC Compliance**

Pesticide residue testing, phytosanitary control, and full conformity with import requirements.

## **Phytosanitary**

Government-issued phytosanitary certificate accompanying every export shipment.

## **Traceability**

Lot-level tracking from farm block to destination — every carton can be traced to its origin.

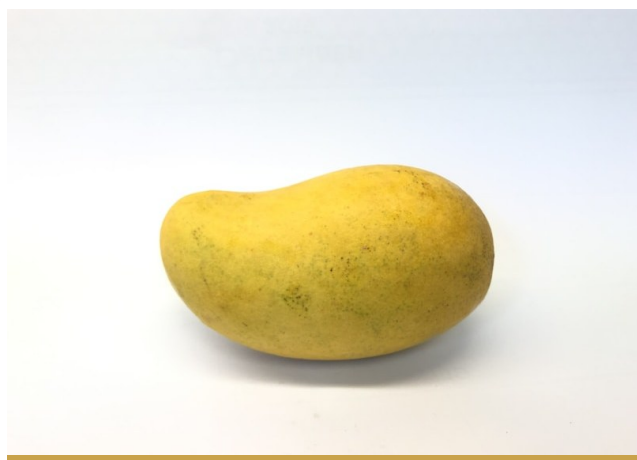

ALFARES COMPANY

# Freshness & Logistics

*From Harvest to Destination*

## Cold-Chain Excellence

Every product is pre-cooled within hours of harvest and maintained at its optimal temperature and humidity throughout the entire journey. Reefer containers are pre-set, monitored continuously, and sealed under government inspection.

- Hydro-cooling and forced-air pre-cooling within 4 hours of harvest
- Temperature monitoring with data loggers on every shipment
- Reefer container loading with airflow optimization
- Sea ports: Alexandria, Damietta, Port Said — Air: Cairo International
- Average transit: 7–10 days to EU ports, 3–5 days to GCC, 14–18 days to Far East
